

Sculpture and poetry walk
with Carol Peace

MARCH 24, 2026

Dotted around the beautiful estate at Lympstone are figurative bronze sculptures created by Carol Peace.

Carol not only makes sculpture but also writes short poems that run alongside the work. This event is your opportunity to get inside her version of the work and listen to her poetry.

ABOUT THE ARTIST

Carol's intensely personal work is shown and collected all over the UK, Europe, the Far East and United States. Her large-scale work is permanently on show at Glyndebourne and at the Dorchester's country house hotel in Ascot.

"My sculptures are messages of love. Parcels wrapped up in the shape of you. That's why you smile, it's the love, hidden inside."
